WALTER WOLF MODEL LP 500S

SERIES GUIDE

The model has a number of movable parts, including the Countach's iconic scissor doors.

The rear wing is finished in the official red and black livery of the LP 500S.

LAMBORGHINI COUNTACH LP 500S WALTER WOLF 🍁

The powerful 5-litre engine of the LP 500S is modelled in impressively realistic detail.

The bonnet opens to reveal the engine.

The exhaust system exactly replicates the car's two sets of twin tailpipes.

Fitted with low-profile Pirelli P7 tyres featuring the tread pattern used by Walter Wolf.

The model features a fully openable boot at the rear.

Four-point harnesses, complete with sponsor logos, are fitted to both seats.

The car's interior and steering wheel are modelled closely on Wolf's originals.

The nose of the model features an accurately modelled front spoiler.

Second boot at the front holds a spare wheel.

Complete with working replicas of the characteristic flip-up double headlights.

Official Rallye Racing stickers and Walter Wolf's personalised emblems.

Walter Wolf's one-of-a-kind Countach LP 500S

Launched in 1978, the LP 500S was a customised model financed by and built for the owner of the Wolf grand prix racing team, Canadian millionaire Walter Wolf. His model featured a number of modifications, each of which is faithfully reproduced in your model.

Equipped with working lights and realistic sound effects

Your completed model will feature working headlights, interior lights and brake lights, and will even be able to reproduce the sound of the real car's engine.

Highly detailed scale replica of the Lamborghini Countach LP 500S, built exclusively for Walter Wolf.

Finished model may vary from the one shown.

Large scale for perfect detail

Your model of the Countach LP 500S has been reproduced at an impressive 1:8 scale to allow every feature of Walter Wolf's one-off original to be shown in the highest possible level of detail.
