

THE LEGENDARY *RACING CARS*

SPECTACULAR **1:24 SCALE** MODELS TO COLLECT

COLLECT THE GREAT RACING CAR CHAMPIONS!

The extreme tension, like the smell of fuel and hot rubber, is palpable on the starting grid. Hamilton, Vettel, Bottas, Räikkönen... all the drivers are ready in their single-seaters, waiting for the red lights to go out. Only their helmets, so visible and distinctive, prevent the fans from seeing beads of sweat on their faces... Three... Two... One... Go! There is a sudden roar of engines!

And now, for the first time, capture the excitement in an unprecedented collection of the most legendary racing cars in 1:24 scale. Made of metal and faithful to the original in every detail, these perfect replicas are worthy of the most discerning collectors.

Bottas and Hamilton, with Mercedes, dominate the 2020 British Grand Prix on the Silverstone circuit.
